Financial Management Firm

Jo has spent time personally getting to know our company, requirements and differing levels of staff. She has an in-depth knowledge of this sector and we contact her for every staff level. We really appreciate the one-to-one communication throughout the process. We would not hesitate to recommend her and the Cathedral Appointments team.

Private and Commercial Banking Firm

We struggled with finding new applicants and quality CVs in an area we have hired for a lot. Jo has subsequently placed several of our leads and she has a very good understanding of the market. The overall hiring experience was very good and we would highly recommend Jo and the Cathedral Appointments team to other businesses in the Financial Services sector.
