

SUCCESS STORIES

Vehicle Management Firm

I have had the pleasure of working with Cathedral Appointments in previous roles so it was great to have the opportunity to continue that relationship. Georgia has successfully supported me with a wide variety of challenging roles. She is great at getting an understanding of our hiring goal and has proven a consistent expert in the world of recruitment. I was very impressed by her knowledge and insight of our industry. It is also noticeable the relationships she makes and maintains with the people appointed, she seems to genuinely care about getting candidates and clients the right fit.

We faced significant challenges in finding specialised talent within a tight timeline. Cathedral Appointments leveraged their extensive network and deep understanding of the market to identify and attract top candidates, ensuring our critical roles were filled swiftly and effectively. Their expertise in the market is unparalleled. They possess a profound knowledge of industry trends and the specific skills required for various roles, which was instrumental in securing high-calibre candidates that fit seamlessly into our organisation. We chose to work with a hiring partner to streamline our recruitment process and access a broader talent pool. Cathedral Appointments offered a tailored approach that aligned with our business goals, making the partnership highly valuable.
